ROBLIN AND THE MUNICIPALITIES

The following resolutions which were introduced at the annual meeting of the Canadian Union of Municipalities in Winnipeg last week may afford Mr. Roblin food for some profitable reflection:

"That the attention of the Canadian Union of Municipalities be and is hereby directed to the following facts:

(1) That the government of Manitoba has taken away from municipalities the right to tax the property of railway corporations.

(2) That the government of Manitoba claim the surplus arising out of the sale of lands for taxes.

(3) That the government of Manitoba compels the municipalities to make a per capita grant towards the maintenance of patients in the home for incurables.

(4) That the government of Manitoba is seeking to compel towns and cities to pay for the maintenance of a certain class of prisoners in the jail of the district and whereas according to the foregoing certain sources of revenue to which the municipalities have been justly entitled have been unjustly taken away, and whereas certain expenditures in which the municipalities have no voice are being levied upon them; therefore, in the opinion of the convention the government of Manitoba should at the earliest opportunity remedy the grievances complained of."

MUNICIPAL ACCOUNTING

In connection with the differences of opinion between the city secretary-treasurer and city auditor, which resulted in the engagement of an expert accountant who is now going through the city books, the following from the Winnipeg Free Press may be of interest:

"A pleasant feature of yesterday's proceedings of the convention of the Union of Canadian Municipalities now being held at the City Hall in the reading of a paper on 'Municipal Finance and Accounting' by Hon. Louis Betz, the City Comptroller of St. Paul, who was an invited guest at the convention. The paper read by Mr. Betz was both interesting and valuable. While comprehensive, it was not cluttered with detail, and was practical from beginning to end, keeping to the broad lines of principle which should govern the management of municipal finances and the annual presentation of municipal financial statements, so that the ratepayers may be enabled to understand what has been done with the taxes collected.

"Mr. Betz spoke of having recently received the annual report of the Comptroller of New York, a volume as thick as Webster's Dictionary, which he ventured to say, not a baker's dozen of New York's taxpayers will read. He declared against the common system of publishing every minor transaction, though it is undeniable that the publicity given to the details of civic as well as of governmental expenditures is the most effective of safeguards against improper expenditures being made. This is true, even though the very multiplicity of these details may stand in the way of a clear, general understanding being easily obtained of receipts and expenditures as a whole. It should be the duty of the officer charged with the task of presenting every such annual financial statement, to preface the detailed expenditures with totals showing how much money has been collected, and how and for what purpose it has been expended—how much each department has expended, and what then is to show for such expenditures.

Municipal finance involves an essentially different and more comprehensive question than that of merely keeping the city's accounts in the best manner. It is a question of how to raise the necessary funds in the most equitable and least burdensome manner for the maintenance of the corporation. How to supply all the requirements of a city, essentials and betterments alike, and at

the same time to keep the tax rate down to a reasonable point is the problem of all cities. To the discussion of this problem in all its phases the delegates in attendance at the convention of the Union of Canadian Municipalities are addressing themselves. Mr. Betz contributed much that was of value to the remarks upon bond issues which he embodied in his able paper. The practical benefit to be derived from these discussions is undoubtedly great, and it is satisfactory, as an evidence of the friendliness that extends both ways across the international line, to have so prominent a civic official in the United States, as Mr. Betz taking part in the proceedings of a Dominion municipal convention.

DELIBERATE MISREPRESENTATION

(Calgary Albertan)
The Calgary Herald in last night's issue returned to the attack on Frank Oliver, Minister of the Interior, in a most unfair and dishonest manner. The Herald began a series of misrepresentation some weeks ago, intimating that Mr. Oliver, when in Calgary on his way back to Ottawa after his re-election, made some concessions to the Liberals of Calgary, and gave some assurance about the division of the constituencies, which promises he disregarded as soon as he arrived in Ottawa.

The Herald first insinuated the dishonest statement, and as no one challenged the truth of it, as the alleged interview was a private meeting, and no one cared to reveal the statements made at such a gathering, the Herald has passed from one stage to another until the climax is reached and the misrepresenting journal positively says the Minister of the Interior made some promise to the Liberals of Calgary, which he openly disregarded when he arrived at Ottawa.

How does this agree with Frank Oliver's solemn assurance to Calgary Liberals in secret session while on route to Ottawa that he was not responsible for the threatened gerrymander, and that if he carried any weight with the Ottawa Government the job would not go through?

The Herald in its usually moderate and dignified language thus repeats the charge.

The charge made in the above statement and in the previous dishonest references are absolutely devoid of truth. They are without the slightest foundation, and have been bred in error and reared in an atmosphere of wilful falsehood.

The Albertan is revealing no great state secret in bringing to light what actually took place at the meeting to which reference was made. The meeting was called by the Liberals of Calgary and attended by a large number of Calgary Liberals, and by Dr. DeVeber, R. A. Wallace and some other visiting Liberals, who were in Calgary to be present at the Oliver banquet. Mr. Oliver, himself, was present.

The question that was brought up for discussion was the method of distributing the seats of the new province. Some Calgary Liberals, notably Dr. Stewart, and Dr. DeVeber and some others pressed upon Mr. Oliver the advisability of referring the distribution of seats to a commission of some non-partisan, uninterested body.

Mr. Oliver opposed the method, arguing that as the Government would have to bear the responsibility of the division, whether recommended by such a board or introduced by them, that it would be better for the Government to do the whole thing.

The other members of the audience opposed the argument, Dr. DeVeber making a strong protest against any division other than by a non-partisan, independent tribunal.

At the conclusion Mr. Oliver said if the gentlemen present would put their argument in writing he would be pleased to submit them to the Cabinet Council. Dr. Stewart then said that such a document would be robbed of all its weight, if it did not have the endorsement of the Minister of the Interior.

The Minister of the Interior never once changed his attitude, going no further than saying that the argument argued would be presented to the Cabinet, where it would have the utmost consideration.

There is nothing more and nothing less than that. That is the text upon which the Calgary Herald has continued to insult the Minister of the Interior from day to day.

The Minister of the Interior made no promise to the Liberals of Calgary which he did not keep. More than that, the Minister of the Interior did not deceive the Liberals at that meeting by anything that he said.

COUNCIL VOTES GRANT THE NEWS OF THE DAY

SPECIAL MEETING HELD

The City Council Voted the \$8000.00
Granted to the Inaugural Celebration
Committee at a Special Meeting
Held Last Night

A special meeting of the city council was held in the council chamber at the close of last night's meeting. Present, the Mayor and Aldermen May, Clark, Picard and Bellamy. The mayor explained that he had called the meeting to vote the \$8,000 grant for the Inaugural celebration just recommended by the citizens' meeting. He said that as twenty-four hours notice had not been given of the meeting they would have to ratify it at the next regular meeting, but he wanted the council to act now that the work of the celebration committee might go ahead in the meantime.

It was moved by Ald. Clark and seconded by Ald. May, that the request of the Alberta Inaugural committee, for the sum of \$8,000, toward defraying the expenses of the Inaugural celebration, be granted on the understanding that any grant made for this purpose by either the Provincial or Territorial Government be refunded to the city.

Ald. Picard thought it best to grant the different sums to the several committees. Ald. Bellamy thought orders might be issued on the city treasurer to be endorsed by the chairman of each committee. Aldermen Clark and May, and the Mayor favored giving the grant to the central committee leaving the expending in their hands. They could open a bank account and check it out. Secretary-Treasurer Kinnaird mentioned that several extra police would be required for that day and it would be best to give the whole sum to the committee and let them provide everything.

The mayor put the motion and every hand went up in support of it.

LETHBRIDGE WON THE CUP

Lethbridge, August 1.—On the town park yesterday afternoon 2,000 people watched the second assembly of the Crow's Nest League Championship hockey game between Cranbrook and Lethbridge. The great rivalry between the old opponents made it a hard game, contested at every point from start to finish. Cranbrook strengthened by Cowan of New Westminster and McCullough of Nelson put up a fast game, but failed to keep the pace and Lethbridge won by 4 to 2. The crowd went wild over the victory. Cranbrook was confident of the victory and their supporters offered lots of money. The second victory brings the Leveasseur cup to Lethbridge. C. H. MacQueen of Calgary refereed the game.

VANCOUVER VISITORS

Colonel T. H. Tracey, consulting city engineer of Vancouver, B. C., is in the city. Mr. Tracey is one of the oldest city engineers in Canada. For fourteen years he occupied that position in Vancouver and for the thirteen previous years was city engineer of London, Ont. This is his first visit to Edmonton and he is greatly surprised at what he has seen here.

There is no question about the fact that this is a most city, he says. The thing that must be done now, he thinks, is to get the people of Vancouver interested in getting Grand Trunk Pacific connection with the Edmonton district. The Vancouver, Westminster & Yukon railway company is at present surveying a line north from Vancouver along the Fraser Sound and the valley of the Fraser River to Fort George. If connection is made in this way with the G.T.P., it should bring this country within about two days of Vancouver and what they need in British Columbia cities is to get an easy route to some such productive farming district as that around Edmonton.

Mr. Tracey says that this section of country is brimming a good deal of interest in the coast cities.

MARKET BY-LAW

There seems to be an opinion about the city that in asking for \$30,000 in the market by-law, the Aldermen who purchased the Heimbeck property for \$20,000 purpose making \$10,000 out of their deal. This is absolutely without foundation. The Aldermen purpose turning over the property to the city at the sum it cost them, and if the city does not choose to purchase it, they might make a handsome profit by selling to some one else.

The extra \$10,000 asked for in the market by-law is for the purchase of the McDonald property, comprising two lots on the northwest corner of the same block, north of the Heimbeck residence facing McDougall street. This property is required to complete the block for market purposes and expropriation proceedings have already been begun for taking it over. There will also be a market building required, and other improvements will be necessary so that the whole \$30,000 will be required.

It is generally felt that the council should call a meeting about these different by-laws for the purpose of clearing up any misunderstandings that may exist in the minds of ratepayers about any one of these by-laws. It might be possible that one or two of them might be defeated through not being properly understood, and the clearing up of small difficulties now might save the expense of submitting them again at a later date.

SPECIAL RAILWAY RATES

Mr. C. E. MacPherson, general passenger agent of the C. P. R., met the transportation committee, re the Inaugural ceremony, this morning and arrangements were made for a single fare rate from all parts of Alberta to Edmonton.

A single fare rate is also to be given the city's guests from Saskatchewan. A special train is to be run from Red Deer with single fare rates and the school children are to be carried at half the excursion rate.

Look inside your watch a moment. CRADLE, ALTAR AND TOMB

There were eighteen births, thirteen marriages and four deaths registered in Mr. Jellett's office during the month of July. This looks promising. Of the eighteen births eleven were boys and seven girls. The deaths were one each from heart failure, pneumonia, consumption and general debility.

The following is a list of the happy people who ventured to embark on the seas of matrimony. The extremes of ages were a bride of 17 years and a groom of 58 winters. The weddings were:—

Andrew Wendland, of Josephsburg, to Cathrine Kuenser, of Edmonton, by Rev. Abraham Hager.

George Thomas McGill, Annie Elizabeth Spruce, both of Edmonton, by Rev. D. S. McQueen.

John N. McLeod, of Edmonton, to Edith Barris, of Innisfail, by Rev. D. G. McQueen.

Peter Mizak, of Quarrel Lake, to Francis Kuleszko, of Lake Demay, by Rev. Paul Kulawy.

Stephan Rajamowski, of Pretty Hill, to Anna Scriverka, of Lake Demay, by Rev. Paul Kulawy.

Lawrence Wills, of Round Hill, to Julia Stefara, of Wetaskiwin, by Rev. Paul Kulawy.

Salvatore Barrat, of Lake Demay, to Kelly Banach, of the same place, by Rev. Paul Kulawy.

Andrew Podgorny, to Anna Laweck, both of Leduc, by Rev. Paul Kulawy.

Jan Lewski, of Banff, to Magdalena, March of Pretty Hill, by Rev. Paul Kulawy.

Frederick Charles Clark, of Bronge, to Ida Krouse of Centralia, Ont., by Rev. C. H. Huestis.

Ludwig Gorbelt, to Philippine Debus, both of Spence Grove, by Rev. J. Goss.

Philip S. Southwick to Alice Pageris, both of Edmonton, by Rev. D. S. McQueen.

Frank S. Garbe to Mary Evelyn Evans, both of Strathcona, by Rev. D. G. McQueen.

Saskatchewan Liberals to Convene

An official call has been issued by the presidents of the Central Liberal Associations for the six Dominion constituencies within the bounds of the new Province of Saskatchewan for the holding of a Convention of Liberals of the new Province to consider matters affecting the interests of the Province and of the party. This official call was decided upon at a meeting held last week, and is signed by Levi Beck, President MacKenzie, Central Liberal Association; H. Stevenson, M.D., East Assiniboia Central Liberal Association; J. A. McIntyre, President Saskatchewan Central Liberal Association; A. Fitzcock, President West Assiniboia Central Liberal Association; D. H. McDonald, President Qu'Appelle Central Liberal Association; T. A. Copeeland, President Humboldt Central Liberal Association.

The convention is called to meet at Regina on Wednesday, August 10, 1905.

The representation at the Convention has been so arranged as to give every community and interest in the new Province opportunity to be fully and fairly represented. The basis of representation has been fixed as follows:

The three incorporated cities of Regina, Moose Jaw, and Prince Albert five delegates each.

In the other twenty-two Provincial constituencies as follows:

Each incorporated town, two delegates.

Each incorporated village, one delegate.

Rural portion of each constituency, five delegates.

Thus it will be seen that each organized community is duly recognized while provision is made for no less than 119 delegates representative of the rural or farming and ranching country.

In addition to the above the following are made ex-officio members of the Convention.

All Liberal Members of the House of Commons for the Province.

All Liberal Senators for the Province.

All Liberal members of the present Legislative Assembly of the Territories for the Province.

All Liberal candidates for the Province, defeated at the last election, local or federal.

The editors of all Liberal papers within the province.

The official call for the convention concludes with these words:

"In order that a full representation may be secured, we would suggest that your local Association meet at as early a date as possible and appoint delegates."

All Liberal Associations throughout the length and breadth of the Province of Saskatchewan should take

steps at once to give effect to this call and make the Regina Liberal Convention, 1905, a memorable gathering worthy of the work it will be called upon to perform in assisting in laying the political foundations of the new Province.

Sale of Stamps

The rural postmaster can no longer work his enterprising faculty and be safe. He must not sell stamps in large quantities to parties outside of his own territory for use in other places and in remittances, the penalty for disobedience being instant dismissal. Such is the purport of new instructions issued from Ottawa.

This will mean quite a loss in revenue to some postmasters, especially to those who live near the larger centres of population. The city officials are paid regular salaries, as civil servants, but the rural postmasters returns depend entirely on the amount of stamps and postcards he sells, he being paid quite a large percentage. Some of the postmasters, anxious to swell their pocket-books, have sought business in the cities and towns and so bolstered up their revenue above its normal proportions. Serious inroads have been made upon the receipts of city offices, and the Government has lost by the extras paid.

Another way in which the postmasters have profited is by selling stamps to take the place of money orders, in remittances. The new regulations will make the officials more anxious to push the sale of postal notes and money orders.

The letter rate from Australia to Canada has been reduced. The Postmaster-General of the Commonwealth of Australia has given notice that the rate of postage on letters sent from Australia to Canada has been reduced from 2 1/2 pence per half-ounce to 2 pence per half-ounce commencing on July 15, 1905. Canadian postmasters will therefore not impose any additional charge on letters from Australia prepaid two pence per half-ounce.

—"The Politician" is the play at the Rink Theatre tonight. This was one of the company's most popular plays in the south and is said to be as full of life and vigor as a political contest usually is. All who take an interest in politics or any other affair of life will enjoy the Politician. There is interest of every sort and it is busy from the rise of the curtain.

—The Twenty-first Annual Session of the Trades and Labor Congress of Canada will convene in the Assembly hall of the Labor Temple, 167-169 Church street, City of Toronto, Province of Ontario, beginning at 10 o'clock Monday morning, September 18, 1905, and will continue in session from day to day until the business of the Convention has been completed.

—The wine clerks were again victorious last night in a ball game, this time defeating the Purchase Boarding House by a score of 14 to 4 in a seven innings game. It would not be surprising if this twice-victorious team would challenge the Capitals to a game shortly. The play last night was very good at times and was thoroughly enjoyed by the spectators.

LACROSSE TO-NIGHT

Strathcona and Edmonton play lacrosse on the Second street grounds tonight. The game is expected to be interesting and a large crowd will probably attend.
